

Environmental Quality Criteria

To complete the Environmental Quality “focus area” this year you must complete two of the following criteria.

1. Apply online to Adopt-a-Waterbody for you and your students to clean up or learn how to conserve water at home and school.
2. Have school wide recycling program sponsored by your County.
3. Help improve air quality by taking the ten-week “I Choose Clean Air” pledge.
4. Participate in an energy action program with the National Energy Foundation.
5. Use the Project Learning Tree: Environmental Education Activity Guide.
6. Complete another project, which the Utah Department of Environmental Quality has approved.

When your school chooses to focus on environmental quality for this year, drop a line! Let the Department of Environmental Quality know. They’re available to help you in any way you need. Contact:
